

# Vacancy: Trainee Analyst

INTELLIGENT • INNOVATIVE • INTERNATIONAL

**iVC Consulting** is an independent consulting firm specializing in the value chain optimisation for multinational companies, offering support in defining, refining, and improving cross-border operations and scaling strategies. **iVC Consulting** is an exciting growing practice that combines transfer pricing with advisory, corporate finance, and valuations expertise. We serve start-up and scale-up businesses as well as biggest asset management funds. Our professionals provide expert advice on any aspect of transfer pricing, including modelling, documentation, controversy, financial transactions, operational and strategic transfer pricing. Alongside transfer pricing our comprehensive solutions also encompass the coverage of valuations, accounting, process automation, and international taxation.

We are opening a position for a **Trainee Analyst** to join our Baltic office. Our Baltic office is based in Vilnius.

## Main job responsibilities

- Research the client business and analyse the value chain and operational set up.
- Partake in internal project discussions, as well as client calls and meetings.
- Prepare reports, excel models and other deliverables.
- Prepare proposals and budgets for prospective clients.
- Responsible for onboarding clients/projects and executional parts of project management.

## Who are you?

- Bachelor's or master's degree in economics, data analysis, finance, tax law (completed or senior year);
- Knowledge of Power BI, financial analysis, data manipulation, Excel modelling;
- Strong analytical and problem-solving skills;
- International mindset;
- Interest in investment management, digital businesses, high growth start-ups;
- Proficiency in MS Excel, ease of use of other MS Office tools;
- Fluency in English (verbal and written); knowledge of Lithuanian, Latvian or Estonian would be an advantage.

## What do we offer you?

- Intensive training program with e-trainings ("I have learned in iVC Consulting in 4 months more than I have learned in my previous job in 4 years."- from former Trainee.)
- Actual real-life work from the beginning.
- Collaborative and supportive culture where capable individuals can excel.
- Steep personal and professional growth (aka career opportunities), which comes by means of challenging work.
- Informal working environment and international exposure.
- We have team building events throughout the year.
- Possibility for very well-organized and very motivated to combine work with studies (last year students only).
- Hybrid position after the trial period (Our lovely office is in Workland, Gedimino 9 in Vilnius).
- Gross monthly salary – 1150-1350 EUR. After the traineeship a candidate will have an expectation and a priority to start as an Analyst, with the gross salary starting from 1,800 EUR.
